

The Power of TRU PARTNERSHIP™

Real Collaboration. Powered by People. Driven by Data.

Customized Service Model

We grow with you: We customize a service model that fits your workflow and your culture, offering on-site nurse and prescriber training, IDG participation, and executive-focused quarterly business reviews.

Clearly Defined Goals

HPS delivers measurable outcomes: Your account manager and pharmacist customize a program to meet your goals and customize a program to achieve them.

A Dedicated Team

We empower people at every level of your organization - nurses, clinicians, and executives - to make cost-effective, compliant decisions for the best possible patient outcomes.

On-Call Pharmacist

Our expert pharmacists are available 24/7 for care, consult, and assistance at no additional charge.

A Proven Process for Tru Results

Our proven process results in a custom, goal-driven program that fits your culture and drives sustained cost reduction and better patient outcomes. Our process consists of the following elements:

Discovery

Your Tru360 Team conducts an in-depth assessment of your utilization, culture, and bandwidth for projects.

Planning

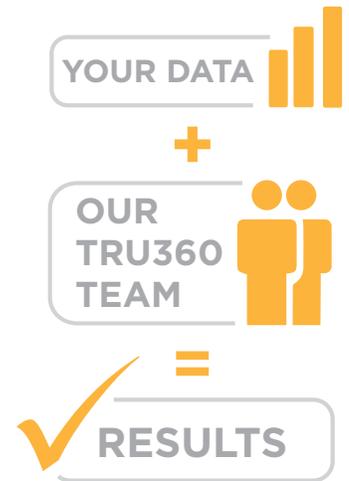

We build a custom HPS Roadmap™ that maximizes outcomes within the constraints of your bandwidth and prescriber culture.

Action

Your dedicated Account Manager and pharmacist work with you to implement projects and provide real-time intervention using methods that fit you best.

Results

HPS demonstrates accountability through insightful reporting, communication, and continuous reevaluation of your HPS Roadmap™.

Introducing: Tru360™

Tru Partnership. Tru Customization. Tru Service.™

Tru360 is the most comprehensive, hospice-centered, patient-focused solution in the market today. Tru360 drives sustained cost reduction while improving patient satisfaction and outcomes. Tru360 is built on five key components that produce excellent end-of-life care in a cost-effective manner.

PARTNERSHIP

Real Collaboration. Powered by People. Driven by Data.

We build a custom service model to fit your workflow and your culture. Your Tru360 Team, including a dedicated pharmacist and account manager, partner with you to manage saving's initiatives. The result: sustained and ongoing cost reduction to reinvest in growth – and we'll be there for you every step of the way.

EFFICIENCY

Intuitive Workflow. Proactive Intervention. Real Results.

Our technology provides proactive intervention, streamlines pharmacy interaction and saves up to \$2,000 per nurse annually. HPS pharmacists are available 24/7 so you never wait for the answers you need. We save you time, so you can focus on patient care.

EDUCATION

Empowered Nurses. Seamless Onboarding. Rapid Results.

We provide industry news and resources that affect you. Through CE Courses, our webinar series, news articles, blog posts, custom live presentations and our extensive resource library we empower your team to make the best decisions at the point of prescribing.

COMPLIANCE

Compliant. Actionable. Ethical.

HPS is the Gold Standard for medication reviews. Our CoPs-Compliant med reviews provide a complete evaluation of medication history, detailed clinical insights with actionable recommendations, and much more to ensure that you provide the right medication to the right patient in the right form and dosage at the right time.

NETWORK

A Custom Network. Built for Hospice. Built for You.

With 65,000 plus pharmacies in our network, we don't force you into a one-size fits-all solution. HPS connects your hospice to a nationwide network of thousands of local delivery providers to ensure patients receive access to medications when they need them.
